

COVID-19: Diagnosis and Treatment in Wuhan - Lessons to Learn for Europe

Dear Sir or Madame,

We believe that China's experience in containing the spread of the new coronavirus could serve as an example for other countries now facing COVID-19 pandemic.

In order to accelerate know-how & experience sharing across countries, Bayer will sponsor the Berlin Medical Society to conduct a webinar hosted by Prof. Roots, Prof Suttorp and Prof. Endres with the participation of two distinguished Chinese speakers.

We would be honored by your participation

15th April 2020, Wednesday

12.00pm – 2.00pm (CEST)

Link: [WebcastAccess](#)

Password: BMGBayer2020

To access the webcast, please use the hyperlink WebCastAccess or type the following into your browser:

https://video-streaming.bayer.com/viewerportal/www/video.vp?programId=esc_program%3A293757

Speaker:

- Prof. Zhang Wenhong (Head of Shanghai experts for COVID 19 treatment, Vice President of Internal Medicine of Chinese Medical Doctor Association, Huashan hospital, Fudan University, Shanghai)
- Prof. Cao Bin from Wuhan (President-elect, China Thoracic Society (CTS), from Department of Pulmonary and Critical Care Medicine, China-Japan Friendship Hospital, Beijing, he is also lead Remdesivir trials in China)

Chair: Prof. Dr. Ivar Roots, Clinical pharmacologist, President of Berlin Medical Society

Co-Chair comprises a faculty of key-members of Charité – University Medicine Berlin:

- Prof. Christian Drosten (Virology; or his deputy director) - to be confirmed (tbc)
- Prof. Matthias Endres (Neurology)
- Prof. Detlev Ganten (President of Global Health Summit; former CEO of Charité; Academy of Science).
- Prof. Ulf Landmesser (Cardiology)
